WHAT IS THE SOAR FAMILY COLLABORATIVE?

The Night Stalker Foundation's SOAR Family Collaborative supports the soldiers and family members of 160th Special Operations Aviation Regiment. We coordinate programs that promote overall well-being and enhance the SOF family experience. Our ultimate vision is to identify the specific needs of Night Stalker families, build bridges to available resources, and provide opportunities using promotive tools.

WHY THE SOAR FAMILY COLLABORATIVE?

The SOAR Family Collaborative was formed in response to Night Stalker families needing more specialized care and support to thrive in a high-paced, chronically stressful lifestyle. Constant deployments, no-notice, and trainings cause families to engage in unhealthy and unsustainable coping mechanisms such as missing special dates, skipping vacations, and putting off important conversations. Since the program was created Night Stalker families are connecting more meaningfully and gaining the tools to better navigate the Night Stalker life.

It is our honor to ensure much is given to those who sacrifice so much.
